ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

1 TABLE: Summary of Water Records for the Stone Band.

2 RECORD OF MINUTES OF DECISIONS
AGBC # 590487.

3 LICENSES and PLATS
Conditional Water Licenses 7404, 7730, 9473, 66688, 66786, 66787 and Final Water Licenses 10930, 10931, and 11249.

4 PERMIT AUTHORIZING THE OCCUPATION OF CROWN LAND:
Permit No.'s 16805, 16833, and 16834.

5 STREAM REGISTER REPORTS
Big Creek, (Brigham) Minton Creek, and Tretheway Brook.

6 WATER RECORDS FOR THE STONE BAND FOUND IN THE *SCHEDULE OF INDIAN RESERVES IN THE DOMINION*, 1913.

7 MAPS:

- MAP I - 1:250,000 scale; Stone #1, Stone #4, Saddle Horse #2, and Brigham Creek #3.
- MAP II, III, and IV - 1:50,000 scale; Stone Reserves #1, #1A, Saddle Horse #2, Stone #4 and Brigham Creek #3.

FIRST NATIONS WATER RIGHTS REPORTS

BAND: Stone Band

ADDRESS: General Delivery, Hanceville, BC, V0L 1K0

CHIEF: Chief Lloyd Myers

PHONE: 394-4407 **FAX:** 394-4407

AFFILIATION: Tsilhqot'in Tribal Council

LOCATION:

The Stone Band occupies five reserves in an area located to the West of the Chilcotin River. The reserves range in size from 72.8 to 1,588.4 hectares and occupy a total land area of 2,146.4 hectares. The reserves are:

Brigham Creek No. 3	Stone No. 1	Stone No. 4
Saddle Horse No. 2	Stone No. 1A	

Of the 5 reserves, water rights have been licensed on:

- Stone No. 1 -- a 1,588.4 hectare reserve located on the western bank of the Chilcotin River.

The most recent population figures compiled by the Ministry of Finance report that the Stone Bands' total population, including registered and non-registered members living on- and off-reserve, is 317.

Stone No. 1 Reserve is located on the Interior Plateau and is classified as occurring in the Interior Douglas Fir Biogeoclimatic Zone. The 5 reserves lie at elevations ranging from 2,200 to 3,900 feet above mean sea level, and experience a climate with average daily temperatures ranging from lows of 10 degrees centigrade in January, to highs between 16 and 20 degrees centigrade in July. Rainfall for the area is averages between 30 and 50 centimeters annually.

Water courses of significance include:

- Big Creek -- flows southeast. Big Creek is located directly south of Saddle Horse No. 2.

- Minton (Brigham) Creek -- flows through Stone Reserve No. 1 and discharges into Chilcotin River.
- Tretheway Brook -- a small brook located within Stone Reserve No. 1.
- Tretheway Spring -- a small spring within Stone Reserve No. 1.

WATER ALLOCATIONS:

There are no records of water allocations from the Lieutenant Governor-in-Council, by Order-in-Council, with regard to the Stone First Nation. The water rights of the Band have been determined by four actions of government:

1) Allotments by Indian Reserve Commissioners.

   Following confederation, the Province and the Dominion established an Indian Reserve Commission to reserve lands for the Indians. The Commissioners were also responsible for facilitating the transfer of the lands to the Dominion authority. The Reserve Commissioners made it their practice to allot water in conjunction with lands. This practice was unique among Indian Reserves in Canada and the authority of the Commissioners to allot water rights have always been disputed by the Province.

2) Determinations of the Board of Investigation under the *Water Act, 1914* in response to claims made by the Department of Indian Affairs. In their Determinations the Board often recommended the issue of water licenses.

3) Granting of water licenses in response to Federal Government applications requesting authorization for the use of water on reserve lands.

4) Actions to amend, cancel or record as abandoned licensed rights, pursuant to provisions in the *Water Act*.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Stone Band with respect to Big Creek, (Brigham) Minton Creek, Tretheway Brook, and Tretheway Springs are as follows:

Big Creek:

History:

Oct 10, 1924

In accordance with an application submitted by Ewen Macleod, Indian Agent, on behalf of the Stone Band, the Comptroller of Water Rights issued Conditional Water License 7730. The license was assigned a precedence date of October 12, 1923 and authorizes the diversion of 1,629 acre feet per year (from April 1 to September 30) from Big Creek, for irrigation purposes. Of the total volume allocated, 50,000 gallons of water per day is authorized for domestic use. The appurtenant lands are specified as 543 acres of Stone Reserve No. 1.

Apr 15, 1940

Based on the extent to which rights granted under Conditional License 7730 were exercised, the Comptroller of Water Rights issued Final Water License 10930 (in substitution of Conditional Water License 7730) to the Director of Indian Affairs, on behalf of the Stone Band. Final License 10930 is supplementary to Final License 10931; the maximum quantity of water that may be used under the combined Licenses 10930 and 10931 is 510 acre-feet per year (from April 1 to September 30), from Big Creek. Final License 10930 has a precedence date of October 12, 1923 and is for irrigation use on 170 acres of Stone Reserve No. 1.

Feb 18, 1988

In response to an application filed by the Honorable Minister of Indian Affairs on behalf of the Stone Band, the Regional Water Manager issued Conditional Water License 66688. The license has a precedence date of July 15, 1982 and authorizes the diversion of 480 acre feet per year for irrigation (harvest crop) purpose and 238 acre feet per year for irrigation (pasture) purpose from Big Creek. Water is authorized for diversion and use for the period extending from April 1 to September 30, only. The appurtenant lands are defined as Stone Reserve No. 1, Lillooet District, of which 160 acres may be irrigated for harvest crop purposes and 238 acres may be irrigated for pasture purposes.

Permit Over Crown Lands 16805 was issued in conjunction with Conditional Water License 66688. Permit No. 16805 authorizes the occupation of Crown Land for the construction and maintenance of works.

Feb 16, 1989 In accordance with an application filed jointly by the Stone Band and the Department of Indian and Northern Affairs, the Regional Water Manager Rights issued Conditional Water License 66787. The license was assigned a precedence date of October 12, 1923 and authorizes the diversion of 510 acre feet per year (from April 1 to September 30) from Big Creek, for irrigation purpose. The appurtenant lands are defined as 170 acres of Stone Reserve No. 1.

To facilitate the beneficial use of water authorized under Conditional Water License 66787, Permit Over Crown Lands 16834 was granted to the Stone Band. The permit authorized the occupation of Crown Land for the construction and maintenance of works.

Nov 22, 1989 The Regional Water Manager issued an Order to amend Conditional Water License 66787 after having determined that the quantity and use of the water authorized under Conditional License 66787 was incorrect. The Order amended clause (j) to read:

> *"This license is supplementary to Conditional Water License 66786 and the maximum quantity of water that may be used under this license is the quantity which together with the quantity available to the licensee under said Conditional Water License 66786, will provide 3 acre feet per acre to the land irrigated."*

Current Status:

There are currently 30 licenses active on Big Creek, two of which are held by the Stone Band. Of the licenses:

- 18 authorize the use of water for irrigation purposes, ranging from 30 to 5,000 acre feet of water per year.
- 9 authorize the use of 53 to 2,500 acre feet of water for conservation-stored water purposes.
- 2 authorize the use of water for domestic purposes, ranging from 1,000 to 5,000 gallons a day.
- 2 authorize the use of 30 to 1,095 acre feet of water for storage non-power purposes.
- 2 authorize the use of 9,863.01 gallons of water a day for dust control purposes.

- 1 authorizes the use of 1.50 cubic-feet per second of water for ponds' purpose.

*Note: Some licenses authorize the use and/or diversion of water for multiple purposes.

The Stone Band holds Conditional Licenses 66787 and 66688, which are seventh and sixteenth in priority.

The Water Survey of Canada has no records of streamflow on Big Creek. No alternate sources of current water availability information on the Creek were located in the course of this investigation.

Notes:

1. In their application for a Water License the Stone Band requested authorization to use/divert 990 acre feet of water per year. Conditional Water License 66688 authorizes the combined use/diversion of 718 acre feet per year. There is no justification on file to indicate the why the reduction in allocation occurred.

2. The substitution of Conditional Water License 7730 with Final Water License 10930 resulted in a reduction of licensed water rights for the Stone Band.

Minton Creek:

History:

Jul 8, 1887 A Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Stone Band:

> *"Two hundred (200) inches of water from Menton Creek are assigned to the Indian for use on this reserve."*

*Note: The reference to an "inch of water" is understood to mean a "miner's inch." The Water Act of 1914 defined a miner's inch as being equal to a flow of 0.028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season produces the equivalent 6.664 acre feet for each miner's inch.

Apr 24, 1924 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of *Brigham Creek was made under authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 6225, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from (Brigham) Menton Creek;
(ii) take precedence from November 27, 1890; and
(iii) authorize the diversion of a maximum of 672 acre feet per year for the irrigation of 224 acres of Stone Reserve No. 1, provided that 10,000 gallons per day, throughout the year, was available for domestic application.

*Note: From the description provided it appears that Brigham Creek is currently known as Minton Creek.

Apr 24, 1924 The Comptroller of Water Rights issued Conditional Water License 7404, which embodied the terms and conditions set out in Board Order 6225.

Apr 15, 1940 Based on the extent to which rights granted under Conditional License 7404 were exercised, the Comptroller of Water Rights issued Final Water License 10931 (in substitution of Conditional Water License 7404) to the Director of Indian Affairs, on behalf of the Stone Band. The license is supplementary to Final License 10930 and the maximum quantity of water that may be used under this license is, when considered in combination with the quantity used under Final Water License 10931, 510 acre-feet per year, from Big Creek. The license has a precedence date of November 27, 1890 and authorizes irrigation use on 170 acres of Stone Reserve No. 1 during the period extending from April 1 to September 30 only.

Mar 21, 1979 The Deputy Comptroller of Water Rights issued an Order to amend Final Water License 10931 after having determined that the original source of the water-supply, Menton Creek, has been renamed Minton Creek.

Feb 16, 1989 In accordance with an application filed by the Department of Indian Affairs on behalf of the Stone Band, the Comptroller of Water Rights issued Conditional Water License 66786. The license was assigned a precedence date of November 27, 1890 and authorizes the diversion of 510 acre feet per year (from April 1 to September 30) from Minton Creek for irrigation purposes. The appurtenant lands are specified as 238 acres of Stone Reserve No. 1.

In support of Conditional Water License 66786, Permit Over Crown Lands 16833 was granted to the Stone Band. Permit No. 168333 authorizes the occupation of Crown Land for the construction and maintenance of works required under Conditional License 66786.

Current Status:

There are currently seven licenses active on Minton Creek, three of which are held by the Stone Band. Of these licenses:

- 6 authorize the use of water for irrigation purposes, ranging from 30 to 1,000 acre feet of water per year.
- 3 authorize the use of 102 to 270 acre feet of water for conservation-stored water purposes.
- 2 authorize the use of water for domestic purposes, ranging from 1,000 to 5,000 gallons a day.

*Note: Some licenses authorize the use and/or diversion of water for multiple purposes.

Conditional Licenses 66786 is the only license active on Minton Creek for the use and benefit of the Stone Band.

Conditional Water Licenses 66787 and 66688 are also held by the Stone Band on Minton Creek but include points of rediversion on Big Creek.

The Water Survey of Canada has no records of streamflow on Minton Creek. No other current sources of water availability information were located during this study.

Notes:

1. The Stone Band's right to water on Minton Creek, as allocated by the Indian Reserve Commission, has not been formally recognized by the Province.

2. The substitution of Conditional Water License 7404 with Final Water License 10931 resulted in the reduction of licensed water rights for the Stone Band on Minton Creek.

Tretheway Brook & Spring:

History:

Mar 15, 1928 — In accordance with an application made by the Superintendent-General of Indian Affairs on behalf of the Stone Band, the Comptroller of Water Rights issued Conditional Water License 9473. The license was assigned a date of precedence of September 6, 1927 and authorizes the use of 50,000 gallons of water per day for domestic purposes, throughout the year, from Tretheway Spring. The appurtenant lands are defined as those parts of Stone Reserve No. 1 on which dwellings were constructed.

Feb 15, 1941 — Based on the extent to which rights granted under Conditional License 9473 were exercised, the Comptroller of Water Rights issued Final Water License 11249 (in substitution of Conditional Water License 9473) to the Director of Indian Affairs, on behalf of the Stone Band. The license has a precedence date of September 6, 1927 and authorizes the use of 6,000 gallons of water a day, throughout the year, from Tretheway Brook. The license is appurtenant to the southerly portion of Stone Reserve No. 1.

Current Status:

Final Water License 11249 is the only license active on Tretheway Brook. Final License 11249 is registered for the use and benefit of the Stone Band.

The Water Survey of Canada has no records of streamflow on Tretheway Brook or Spring. Over the course of this review no other current sources of water availability information on the Spring, or on the Brook, were located.

Notes:

1. The substitution of Conditional Water License 9473 with Final Water License 11249 resulted in a reduction of licensed water rights for the Stone Band on Tretheway Brook.

2. Under current licensing practices Final Water License 11249 would be issued to authorize waterworks purpose. The amendment of the license to waterworks would qualify the Tretheway Brook Drainage Area for designation as a Community Watershed under provisions contained in the Forest Practices Code.

OTHER INFORMATION:

Fisheries:

The *Schedule of Indian Reserves in the Dominion, 1913* described an area southeast of Stone Reserve No. 1 and allocated the following to the Stone Band:

> *"The privilege of fishing in the Chilcotin River from a point one and a half miles below Hancevlle down stream for one mile."*

Groundwater Records:

A review of records maintained by the MELP - Groundwater Section found that no well have been reported on any of the 5 Stone Band Reserves.

As the provision well information to the Groundwater Section is voluntary this review should not be assumed to be complete.

Alternate Water Sources:

Currently, the potential for water supply from a municipality is limited, as there are no municipal water systems in the proximity of the Stone Band Reserves.

The proximity of Chilcotin River to the Reserves renders it a potential source of water supply.

Summary of Water Records **Stone Band**								
Water Source	**Priority Date**	**Reserve Name**	**File No.**	**Document Type**	**Status**	**Superceded By**	**License PUC/MOD & OIC Allotments**	**Comments**

Minutes of Decision

Stone Indians.

No 1

A Reserve of four thousand, two hundred, and fifty (4250) acres, approximately, situated on the right bank of the Chilcotin River, about forty miles from its mouth.

Commencing at a fir tree, marked Indian Reserve, on the right bank of the Chilcotin river, and running South one hundred (100) chains; thence West two hundred (200) chains; thence North two hundred, and eighty (280) chains; thence East to the Chilcotin river, and thence following the right bank of the said river in a South-easterly direction to the place of commencement.

Two hundred (200) inches of water from Menton Creek are assigned to the Indians for use on this reserve.

No 2

No 2

A reserve of three hundred, and twenty (320) acres, situated about eight miles Southeast of Reserve No 1.

Commencing at a Black Pine, marked Indian Reserve, and running East eighty (80) chains; thence South forty (40) chains; thence West eighty (80) chains, and thence North forty (40) chains to the place of commencement.

A graveyard situated on the trail between Nancé, and Anahams Flat, and distant about three miles from the former, is also reserved.

The right to fish in the Canon on the Chilcotin river is also reserved for these Indians, from a point 1/4 mile below Mr A. T. Nancé's house, downstream for one (1) mile.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For a n **Irrigation** Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. **6225**, duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a **Conditional** licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this **Conditional** licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to **Stone Indian Reserve (No.1 Stone)**

Superseded by Final Licence ~~7404~~ 10931

Made and entered this 7th day of April, 1924

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Brigham or Menton Creek a tributary of Chilcotin River

in the neighbourhood of Hanceville, in the

Lillooet Water District.

NOW, on the 17th day of September, 1923, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 17-20-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March 1909, and that under the said record the Stone tribe or band of Indians was granted a right to take and use water from Brigham or Menton Creek for irrigation and domestic purposes on the Stone Indian Reserve, being Reserve No.1 of the said tribe or band.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Brigham or Benton Creek, a tributary of Chilcotin River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date from which the said licence shall take precedence is 27th November, 1890

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 672 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Stone Indian Reserve (No.1 Stone) of which 224 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(l.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 10,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Made and entered this 27th day of April, 1921.

Order No. 6225

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 543 acres of the Stone Indian Reserve No. 1.

WHEREAS EWEN MacLEOD, Indian Agent, in trust for the Indians located on the Stone Indian Reserve, No.1., whose post-office address is Clinton, B.C. as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Big Creek tributary of Chilcotin River.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 12th October 1923.

Superseded by 10920 Final Licence

(4.) The purpose for which the water is to be used is irrigation and incidentally domestic use.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 1629 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said 1629 acre-feet there may be used 50,000 gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 543 acres, comprising part of the Stone Indian Reserve No. 1.

The extent and location of the said irrigable lands are further shown in the said exhibit "A"

Licence Number 7730

Form 1004. W.R.B. (Conditional Licence—Irrigation)-1M-1123-4200

File No. 050690.

ORIGINAL

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the first day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction has already been commenced.

~~day of , 192~~

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the first day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to - - - - - - - - Licence No. - - - - - for the diversion of - - - - - - acre-feet per annum from - - - - - - - - - - - - and Licence No. - - - - - for the diversion of - - - - - - - acre-feet per anum from - - - - - - - - - - - - - - - - - but no more than - - - - - - - acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including especially the provisions of section 117 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.)

Issued this 10th day of October, 1924.

File No. 050690.

WATER MANAGEMENT BRANCH

MINISTRY OF ENVIRONMENT

THE PROVINCE OF BRITISH COLUMBIA—WATER ACT

CONDITIONAL WATER LICENCE

The Honourable Minister of Indian and Northern Affairs Canada (the licensee) represented by British Columbia Region of #1360 - 800 Burrrard Street, Vancouver, B.C. V6Z 2J6

is hereby authorized to divert and use water as follows:

(a) The stream on which the rights are granted is Big Creek.

(b) The point of diversion and point of rediversion are located as shown on the attached plan.

(c) The date from which this licence shall have precedence is 15th July, 1982.

(d) The purposes for which this licence is issued are irrigation (harvest crop) and irrigation (pasture).

(e) The maximum quantity of water which may be diverted for irrigation (harvest crop) purpose is 480 acre feet per annum and the maximum quantity of water which may be diverted for irrigation (pasture) purpose is 238 acre feet per annum.

(f) The period of the year during which the water may be used is 1st April to 30th September.

(g) The land upon which the water is to be used and to which this licence is appurtenant is Stone Indian Reserve #1, Lillooet District of which 160 acres may be irrigated for harvest crop purpose and 238 acres may be irrigated for pasture purpose.

(h) The works authorized to be constructed are diversion structure, ditches, rediversion structure, control structures, pipe and sprinkler system, which shall be located approximately as shown on the attached plan. When required to do so by the Regional Water Manager, the licensee shall install a pipeline or sections of pipeline to convey the water from the point of diversion and shall discontinue the use of any sections of the ditch replaced by pipeline.

(i) The construction of the said works shall be completed and the water beneficially used prior to the 31st day of December, 1990. Thereafter, the licensee shall continue to make regular beneficial use of water in the manner as authorized herein.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holder of Conditional Water Licence 66688, whose licence authorizes the diversion of water from Big Creek is hereby authorized to occupy Crown Land by constructing, maintaining and operating thereon the works authorized under the said licences.

(a) The Crown Land which is authorized to be occupied under this permit is a portion of the remainder of District Lot 2117, and unsurveyed Crown Land, all within Lillooet District the location of which is shown approximately on the plan attached to the said water licence.

(b) The approximate dimensions of the Crown Land authorized to be occupied under this permit are: 1 acre for diversion structure at point of rediversion; and 1.88 acres for pipe or ditch (with dimensions of 200' x 30', 500' x 30' and 2,500' x 25') for a total of 2.88 acres.

(c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works. Prior to the cutting, destruction or flooding of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Manager and the amount of stumpage, royalty and (or) compensation payable to the Crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum fixed by the Forest Service of the Province of British Columbia.

(d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.

(e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled or amended so as to render this permit unnecessary.

(f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being submerged or damaged by erosion or otherwise affected by flooding.

(g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.

(h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.

(i) The annual rental for this permit is $7.40 which is subject to review and revision at any time at the discretion of the Crown.

T. R. Johnson
Deputy Minister of Environment and Parks

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holders of Conditional Water Licence 66786, whose licence authorizes the diversion of water from Minton Creek, are hereby authorized to occupy Crown Land by constructing, maintaining and operating thereon the works authorized under the said licence.

(a) The Crown Land which is authorized to be occupied under this permit is a portion unsurveyed Crown Land, Lillooet District, west of and adjacent to Indian Reserve #1, Stone, the location of which is shown approximately on the plan attached to the said water licence.

(b) The approximate dimensions of the Crown Land authorized to be occupied under this permit are: 1.4 acres for a ditch (with dimensions of 2,500 ft long by 25 feet wide).

(c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works. Prior to the cutting, destruction of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Forest Manager and the amount of stumpage, royalty and (or) compensation payable to the Crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum fixed by the Forest Service of the Province of British Columbia.

(d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.

(e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled or amended so as to render this permit unnecessary.

(f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being subserged or damaged by erosion or otherwise affected by flooding.

(g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.

(h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.

(i) The permit replaces Permit No. 11928.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holders of Conditional Water Licence 66787, whose licence authorizes the diversion of water from Big Creek, are hereby authorized to occupy Crown Land by constructing, maintaining and operating thereon the works authorized under the said licence.

(a) The Crown Land which is authorized to be occupied under this permit is a portion of the remainder of District Lot 2117, and Crown Land, Lillooet District, west of and adjacent to Indian Reserve #1, Stone, the location of which is shown approximately on the plan attached to the said water licence.

(b) The approximate dimensions of the Crown Land authorized to be occupied under this permit are: 1.9 acres for a ditch (with dimensions of 700 feet long x 30 feet wide and 2500 feet long x 25 feet wide).

(c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works. Prior to the cutting, destruction of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Forest Manager and the amount of stumpage, royalty and (or) compensation payable to the Crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum fixed by the Forest Service of the Province of British Columbia.

(d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.

(e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled or amended so as to render this permit unnecessary.

(f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being submerged or damaged by erosion or otherwise affected by flooding.

(g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.

(h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.

(i) This permit replaces the unnumbered right-of-way attached to Final Licence 10931.

SCHEDULE of Indian Reserves in the Dominion—*Continued.*

BRITISH COLUMBIA—WILLIAMS LAKE AGENCY—*Concluded.*

No.	Name.	Where Situated.	Tribe or band.	Area, Acres.	Remarks.
2	Deep Creek	Cariboo district, east of the 168-mile post on the Cariboo wagon road.	Soda Creek	4,120·00	100 inches of water recorded from 170-mile creek. Allotted by Commissioner O'Reilly, June 20, 1881. Surveyed, 1894. Approved, April 22, 1895.
1		Cariboo district, on the south bank of Chilcoten river about 3½ miles west of Hanceville.	Stone	3,925·00	100 inches of water recorded from Manton creek.
2	Meadow reserve	Cariboo district, about eight miles south-east of reserve No. 1.	"	320·00	Includes a grave-yard on the trail from Hanceville to Anaham Flat. The privilege of fishing in the Chilcoten river from a point one and a half miles below Hanceville down stream for one mile." Allotted by Commissioner O'Reilly, July 11, 1887. Surveyed, 1894. Approved, April 22, 1895.
1	Toosey	Cariboo district, on Riskle creek, one mile west of lot 66, group 1, in the sub-district of Chilcoten.	Toosey	5,760·00	100 inches of water recorded from Riskle creek; 200 inches of water recorded from Mackin creek. Allotted by Commissioner O'Reilly, July 13, 1887. Surveyed, 1894. Approved, April 22, 1895.
2	Meadow reserve	Cariboo district, about five miles northwest of the Indian village, on reserve No. 1.	"	860·00	
3		Cariboo district, about two miles above the mouth of Riskle creek on the right bank of Fraser river.	"	12·25	
1	Williams Lake	Cariboo district, east of the head or eastern end of Williams lake.	Williams Lake	4,074·00	1,464 acres of this reserve were purchased by the Dominion government from the 'Bates' Estate on March 5, 1881, for the use of the Indians.
2		Cariboo district, one and three-eighth miles north of reserve No. 1.	"	120·00	This reserve includes a lake made by the Indians to obtain a water supply.
3	Meadow reserve	Cariboo district, two miles northeast of reserve No. 2.	"	180·00	
4	Fishery "	Cariboo district, on the left bank of Fraser river, at the confluence of San José creek.	"	6·25	
5	" "	Cariboo district, on the left bank of Fraser river at the confluence of Chimney creek.	"	56·00	
6	"	Cariboo district, at the foot of Williams lake, one quarter of a mile from the efflu-ence of San José river.	"	6·50	
7	Grave-yard	Cariboo district, on the right bank of Chim-ney creek, on the property of Mr. Isnardy.	"	0·14	
8	"	Cariboo district, on the road from Williams lake to Soda creek and on the land owned by Mr. Pinchbeck.	"	0·25	Reserves Nos. 1—14, allotted by Commissioner O'Reilly, July 16, 1881. Surveyed, 1882. Approved June 4, 1884.
